Dear Students and Parents:

Welcome to Illini West High School for the 2008-09 school year. We are excited about the school year and are looking forward to working with you as we continue a tradition of excellence. We hope you will take PRIDE in your school and will make a commitment to make it the best it can be. It takes the best efforts of everyone (students, staff, administration, parents, and community members) working together to make a school the best possible place it can be.

The purpose of this handbook is to acquaint you with the policies and procedures that will be used during the current school year. It is important that everyone look through this handbook carefully as there have been changes in the way that your high school functions. Many of the events and situations that will arise during the school year are covered in this handbook. Everyone should be aware, however, that the handbook is not all-inclusive. Some situations will arise that may require special interpretations or the implementation of common sense rules to deal with a situation. This handbook is, however, designed to serve as a guide for both student behavior and administrative decisions. It is hoped that this handbook will keep confusion and misinterpretation of school policies to a minimum.

It is our belief that the vast majority of our students make good choices concerning their behavior when given the school's expectations. This handbook provides students and parents with the information necessary to make good choices concerning behavior. Students are expected to follow the guidelines outlined for student behavior. For those students who choose not to follow these guidelines, the consequences outlined in this handbook will be followed. Our hope is that all students will choose to demonstrate appropriate behavior so that everyone can experience a positive and productive school year. To that end, we will seek to provide appropriate rewards and recognition for all students achieving success.

Students at Illini West High School are expected to live up to high expectations for academic performance and behavior. It is our hope that these expectations will be met and surpassed for the 2008-09 school year. We hope that each of you has a pleasant and successful year. The faculty and staff of IWHS pledge to help you have a positive

and rewarding year in every way possible. Your experience at Illini West High School will be whatever you make it. We hope that you do the things that will make it outstanding.

On behalf of the faculty, staff, and administration of Illini West High School, we welcome you and wish you every success in 2008-09.

Ray Driskell, Principal

### **GENERAL INTRODUCTION TO THE HANDBOOK**

This handbook has been prepared to assist students, parents, and teachers in understanding what is expected in the high school. A committee of students, parents, teachers, and administrators has reviewed all policies and rules. They have been approved by the Board of Education but may be amended during the year without notice. This publication does not contain all of the facts, rules, and policies necessary for the operation of Illini West High School, but those items most crucial for a student's daily routine have been included. We have tried to provide calendars, general information, rules, and consequences that will help you during the school year. A complete listing of School Board Policy is available at the District Office, the High School Office and the District Web Site.

This handbook expresses the philosophy of the Illini West School District concerning the student's responsibility to the school, fellow students, and the community. One of the major responsibilities is to attend school every day. By doing this, we feel the student's educational goals can be attained more readily. Physical and mental awareness is also critical to accomplishing these goals. Disturbances, truancy, and tardiness create an atmosphere not conducive to the educational process. Since all organizations in our society establish rules and regulations, it is important that the school help prepare students to interact in society by establishing rules and procedures that will help us meet our educational objectives.

This is a Parent/Student Handbook and should contain those things most helpful to parents and students. Changes and additions to this booklet may be implemented by expressing your opinions and ideas to the building principal.

The statements listed below are Standards of Conduct and Standards for Achievement. Using these standards, we can build a program that meets the needs of all students while maximizing the satisfaction of the staff.

***A Bill of Rights and Responsibilities for Learning***

The traditional mission of our public schools has been to prepare our nation's young people for equal and responsible citizenship and productive adulthood. We affirm that mission by remembering that democratic citizenship and productive adulthood begins with standards of conduct and standards for achievement in our schools. Other educational reforms *may* work; high standards of conduct and achievement *do* work—and nothing else can work without them.

Recognizing that rights carry responsibilities, we declare that:

1. All students and school staff have a right to schools that are safe, orderly, and drug free.
2. All students and school staff have a right to learn and work in school districts and schools that have clear discipline codes with fair and consistently enforced consequences for misbehavior.

3. All students and school staff have a right to learn and work in school districts that have alternative education placements for violent or chronically disruptive students.
4. All students and school staff have a right to be treated with courtesy and respect.
5. All students and school staff have a right to learn and work in school districts, schools and classrooms that have clearly stated and rigorous academic standards.
6. All students and school staff have a right to learn and work in well-equipped schools that have the instructional materials needed to carry out a rigorous academic program.
7. All students and school staff have a right to learn and work in schools where teachers know their subject matter and know how to teach it.
8. All students and school staff have a right to learn and work in school districts, schools, and classrooms where high grades stand for high achievement and promotion is earned.
9. All students and school staff members have a right to learn and work in school districts and schools where getting a high school diploma means having the knowledge and skills essential for college or a good job.
10. All students and school staff have a right to be supported by parents, the community, public officials, and businesses in their efforts to uphold high standards of conduct and achievement.

#### **ATTENDANCE INFORMATION**

Regular attendance is one of the most important factors determining success or failure in school and is the responsibility of the individual student and his/her parent or guardian. Poor attendance results in lower grades, disinterest in school and ultimately in dropping out of school or failure. Teachers are willing to assist students who must miss school for a legitimate reason; however, teachers are not expected to devote extra time and effort to assist students who have missed school for some unnecessary reason.

#### **Illinois Attendance Law**

1. That whoever has custody or control of any child between the ages of 7 and 16 years of age shall cause such child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term.

2. Pupils below 7 years or over 16 years who are enrolled in any grades 1-12 in the public school shall attend the public school when it is in session during the regular school term.
3. The Secretary of the Board of Education shall furnish quarterly to the Regional Superintendent a list of pupils, excluding transfers, who have been expelled, withdrawn, or left school. The Regional Superintendent shall inform the county truant officer who shall investigate to see that such pupils are in compliance with state law.

#### Notification of Absences

On the day of a student's absence, the parent or guardian is requested to call the school informing the school of the absence. If the parent or guardian does not call the school, the school will contact the parent or guardian by use of the SchoolReach telephone system by 10:00 AM to notify the parent of the reported absence.

#### Homework Assignments

If a student wants homework assignments when absent, this should be requested when the school is called with notification of the absence. Students are responsible to arrange to have assignments picked up in the office and books, etc. retrieved from their lockers.

#### Absences

Absence Consequences: Each student will be allowed six absences in each class per semester. (Out of School Suspensions count toward these absences.) Once a seventh absence is recorded, that student will lose one-half of the credit they earn for that class for the semester (i.e. if the class earns one-half credit per semester, this student will only earn one-quarter credit). Listed below are exempt absences which do not count toward absence consequences so long as the prescribed procedure is followed for each absence. A student may make a one time appeal per semester of absence consequences to the Superintendent of the District.

Exempt Absences: Students will receive an exempt absence which will not count toward possible reduction of earned course credit for the following reasons:

1. Medical/dental related appointments (when notification of reason for absence is made by parent AND verified with written confirmation from the doctor/hospital/dentist).
2. Court appearance (when verified by note from court official)
3. Death of immediate family member (up to three days)

4. Funeral (when verified by a note/phone call from parent regarding reason for absence)
5. Quarantine
6. Religious holiday
7. College visits. One day will be allowed during a student's junior year and two days will be allowed during a student's senior year. These days must be approved in advance by the guidance counselor.

Make-Up Work: Students with absences will be allowed one school day for each day absent to make up work missed while absent.

Partial Day Absences:

- A. Students shall not be permitted to leave the school grounds while classes are in session without consent of the principal or someone acting in the principal's capacity. It shall be the principal's responsibility to make certain that the person calling for a child, or requesting that a child be excused, be authorized by the legal parent or guardian.
- B. If students become ill or injured, they may be excused to go home by the principal or principal's designee if the parents or emergency contact have been contacted.
- C. Should it be necessary for a student to leave school, a written request or phone call from the parent must be received stating when the student needs to leave.
- D. Students who arrive at school late or leave early must check in at the office when arriving or leaving. All students must sign the sign-in/sign-out sheet in the office.
- E. A student must be present all day in order to participate in any extra-curricular activity that day. (Exception: Exempt absences are not included.)

Contagious or Infectious Diseases

Pupils known to be afflicted with contagious, infectious, or transmittable disease shall not be received or allowed to remain in school. In all such cases, the rules of the Public Health laws shall govern.

Tardiness

1. Students are expected to report to class on time. Classroom teachers will record each student who arrives late to class as being tardy unless a written excuse from a teacher or the office is presented by the student.
2. The following discipline will apply to all tardies per semester (these are cumulative tardies, not per class):

- a. 1<sup>st</sup> tardy: Recorded by teacher/office
- b. 2<sup>nd</sup> tardy: Recorded by teacher/office
- c. 3<sup>rd</sup> tardy: Recorded by teacher/office
- d. 4<sup>th</sup> & subsequent: Full day In-School Suspension

## DISCIPLINE

### *Discipline Policy*

Illini West High School District #307 is committed to excellence in every phase of the educational program. This commitment requires that each student observe those standards of behavior which will best allow for teaching and learning to take place. To this end, students are prohibited from engaging in behavior that will endanger, or threaten to endanger, the safety of others, that will damage property, or will hinder the orderly conduct of the school program. School staff members (this includes administrators, teachers and support staff) shall maintain discipline in the schools, on school grounds, in school vehicles, and at school events or activities. When discipline incidents occur, every attempt will be made to notify the parent by letter or by phone. Parents are encouraged to contact the school whenever questions regarding discipline arise.

### *Disciplinary Procedures*

It is the policy of District #307 that whenever possible discipline is the responsibility of the supervising teacher. It is expected that discipline problems will be handled by the teacher with cooperation of the parent. To this end, the following steps will be taken in dealing with a discipline problem:

1. Rules and expected behavior, as well as the consequences for inappropriate behavior, will be communicated to the students periodically and will be posted in the room.
2. Group or individual warnings will be issued whenever the teacher sees inappropriate behavior beginning.
3. Students who fail to heed reasonable warnings or posted procedures are subject to disciplinary action.
4. Continued inappropriate behavior will result in a required parent-teacher conference by telephone or in person.
5. We reserve the right to allow teachers to require students to serve detentions in their room for minor disciplinary matters. These detentions may be assigned either before school or after school as the teacher deems necessary. Students and parents will be given 24 hours notice.
6. Chronic misbehavior will result in referral to the office. A written discipline referral detailing specific problems or

violations of classroom rules and suggested penalty must be sent to the office whenever a student is referred to the office. A copy of this referral with a notice of the penalty assigned will be mailed to, e-mailed to, or provided to the student for the parent-

Referral to the office is considered a serious step. The student may face detentions, class suspensions, restricted lunch periods, Saturday detention, in-school suspension, out-of-school suspensions and expulsions. Exclusions from extra-curricular activities, assemblies, field trips, or class trips may be assigned as, or in addition to, the punishments listed elsewhere. In addition, the student may be referred for counseling. A referral will be sent home detailing the reasons for the disciplinary referral and the action taken by the school. Parents may contact the school at any time to discuss the situation or express any concerns they may have.

This action will take place only after the parent/guardian has been requested to appear at a meeting of the board to discuss their child's behavior. The request will be made by registered or certified mail. Students may be expelled for up to two calendar years.

Before a student may be expelled, the student and parent(s)/guardian(s) shall be provided written notice of the time, place, and purpose of a hearing by registered or certified mail requesting the appearance of the parent(s)/guardian(s). If requested, the student shall have a hearing, at the time and place designated in the notice, conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed by the Board, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.

During the expulsion hearing, the student and his or her parent(s)/guardian(s) may be represented by counsel, present witnesses, and other evidence and cross-examine witnesses. At the expulsion hearing, the Board or hearing officer shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as charged. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

#### *Suspension Procedures*

Before a student may be suspended, the student shall be provided a conference during which the charges will be explained and the student will be given an opportunity to respond to the charges.

A pre-suspension conference is not required and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.

Any suspension shall be reported immediately to the student's parent(s)/guardian(s). A written notice of the suspension shall state the reasons for the suspension, including any school rule that was violated, and a notice to the parent(s)/guardian(s) of their right to a review of the suspension. A copy of a notice shall be given to the School Board.

Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the School Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate.

#### *In-School Suspensions*

1. Student receiving in-school suspensions will report immediately after the first bell of the morning to the room assigned on the day and date assigned with work materials and assignments from teachers. Any work completed during the day for credit will be turned in at 3:15 PM and given to the teacher for 100% credit of the grade earned.
2. Failure to follow posted rules and regulations will result in additional days being assigned or the assignment of an out-of-school suspension.

3. Students will be given a restroom break at mid-morning and mid-afternoon. Sack lunches may be brought, given to the supervisor, and will be eaten in the ISS room, or a student may purchase a school lunch. Meals will be eaten under supervision during the appropriate lunch hour in the ISS room. They may not order food out, have another student or parent/guardian, etc. pick up food for them, or obtain food in any other manner.
4. No one assigned to in-school suspension may participate in any after-school or evening school activities including athletic practices or games.

#### *Out-of-School Suspensions*

1. Students assigned out-of-school suspension may not be on school grounds or at school activities during the period of the suspension. Failure to abide by this restriction will result in additional suspensions and the filing of a complaint of trespassing with the local police.
2. Students will be allowed one day for each day absent to make up work missed while suspended.
3. Absences will count toward possible reduction of credit earned due to absence consequences.
4. Students suspended from school are not eligible to participate in any school activities, practices, or games
5. Students have a right to a hearing on all suspensions and parents will be notified of the reasons for the suspension

#### *Due Process Rights of Students*

Individual rights granted by the Constitution of the United States are granted to all people regardless of age, sex, color, or creed. Students have rights as individuals. The school disciplinary procedures should not violate these rights. The essential rights involved in disciplinary procedures stem from the concept of due process. A student is entitled to:

1. Know what the rules and regulations are.
2. Know what charges are brought against him or her.
3. Present his or her point of view and/or evidence about the charges.
4. Have a notice of and hearing on the charges.
5. Have counsel.
6. Appeal a decision regarding the charges to a higher level.
7. Have the charges or penalties removed from the record if the evidence demonstrates his or her innocence or non-involvement.

In the administration of the discipline procedures outlined in this handbook, the student should be made to feel that his or her value as a person is not questioned, although his or her behaviors are.

### Unwritten Rules

There are additional unwritten rules for which students will be held responsible. Rules are made to protect the rights of all individuals. This means your rights. When someone infringes upon the rights of others, they will receive some consequence as a result of their actions. Be aware of this and be prepared to accept this if you fail to act in a courteous and safe manner.

## ACADEMIC INFORMATION

### Credit Transfer for Graduation

Students enrolled in Illini West High School may transfer no more than two (2) credits towards graduation from outside sources/agencies. This includes community colleges, correspondence/online courses, and similar sources. No more than one (1) credit may be accepted toward graduation from any one discipline (i.e. English, math, social studies, etc.) without permission from the appropriate department and the counselor. Credits brought into the school by students transferring to Illini West from another high school, as well as dual credit courses, are not limited by this policy.

### Dual Credit Guidelines

Illini West High School students will have the opportunity to earn both high school and college credit in selected courses offered at IWHS utilizing Carl Sandburg College staff or through an approved dual credit program where an agreement has been established. These courses will fulfill high school graduation requirements while also allowing students to gain college credit prior to entry into most statewide institutions.

The following guidelines will be followed by the district when considering a dual credit course:

1. No dual credit course will be offered if it appears to be a duplicate of a course offered current at Illini West High School.
2. Courses offered as a dual credit course will be considered a part of the formal curriculum of Illini West High School. This means that these courses will count toward a student's extra curricular eligibility, class rank and grade point average.

The following guidelines will be followed by the students when considering taking a dual credit course:

1. Dual credit courses will be open to Juniors and Seniors only.
2. Approval of the student's parents, school counselor and principal will be required prior to registering for a dual credit course.

3. Students may be limited on the number of dual credit courses that they may take.
4. All charges and fees for any dual credit course will be the responsibility of the student.
5. There will be release time given to a student who is taking a dual credit course.
6. Grades earned in a dual credit class will count towards a student's grade point average, class rank and eligibility for extra-curricular activities.
7. When dual credit classes are not in session, students are excused from being at IWHS or may volunteer to assist teachers for those periods but must attend all other IWHS classes for which they are registered.

#### Early Graduation Procedures

Students who wish to request early graduation, including mid-year, for the 2008-2009 school year must be able to have earned twenty two (22) credits by the date of graduation. Included in these credits must be all of the required courses students must have for graduation. No required course will be waived. To request early graduation, a student must present a letter of intent to the high school principal by November 1<sup>st</sup> of the school year for which early graduation is being requested. This request must be approved by the Board of Education. A checklist covering all requirements for early graduation is available in the offices of the counselor and principal. Students graduating early may go through graduation ceremonies if desired. Once a student has completed their credits for graduation, and is no longer attending school, he/she will be treated as an adult and will not be able to participate in student activities. He/she must also pay adult prices to attend school activities. Early graduates will be allowed to attend prom with administrative approval.

#### Eligibility

Participation in extra-curricular and co-curricular activities is dependent upon course selection and successful progress in those courses. In order to be eligible to participate in any Illinois High School Association sanctioned activity, a student must satisfy the following academic requirements as set forth by the Board of Education:

1. Eligibility is checked on a weekly basis and runs from Monday through the following Sunday.
2. The student must be passing all subjects in which they are currently enrolled.
3. Any student participant failing to meet this academic requirement will be suspended from the activity for seven (7) calendar days.

4. Any student on the ineligible list for any three weeks during a season will not be able to participate for the rest of the season. For those activities lasting longer than a season, the student will be ineligible for the remainder of the semester.
5. As per IHSA rules, a student must have passed and received credit toward graduation for twenty (20) credit hours (2 ½ credits) of high school work for the entire previous semester to be eligible at all during the ensuing semester.

#### Grade Point Average

Grades and units of credit received in all academic subjects as well as those received in P.E., band and chorus are used to compute a student's cumulative grade point average. Letter grades are converted to numeral equivalents and a simple arithmetic average is obtained. Semester grades are used for this computation. Grade point averages are used for the purpose of determining honor roll eligibility, academic recognition at graduation, and class rank.

#### Grading and Promotion

Each teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a District administrator without notifying the teacher. Reasons for changing a student's final grade include:

1. A miscalculation of test scores;
2. A technical error in assigning a particular grade or score;
3. The teacher agrees to allow the student to do extra work that may impact the grade;
4. An inappropriate grading system was used to determine the grade; or
5. An inappropriate grade based on an appropriate grading system.

#### Graduation Ceremony Recognition of Academic Excellence

Seniors who have excelled academically will be recognized during the graduation ceremony. Students will be selected based upon their cumulative grade point average for their first seven semesters. Students who have attained a cumulative grade point average of 3.9 and higher will receive Summa Cum Laude recognition. Students who have attained a cumulative grade point average of 3.75 to 3.899 will receive Magna Cum Laude recognition. Students who have attained a cumulative grade point average of 3.6 to 3.749 will receive Cum Laude recognition.

**Graduation Requirements**

A student graduating from Illini West High School must have earned a minimum of 22 credits. Included in these credits, the student must have passed the following courses:

English	4 units
Social Studies (1 unit American History & ½ unit Govt/Civics required)	2 units
Math	3 units
Science	2 units
Music, Foreign Language, or Vocational	1 unit
Consumer Education	½ unit
Health	½ unit
Drivers Education	½ unit
Computers	½ unit

All students must be enrolled in and pass physical education. All students are required to successfully pass an examination on the Constitution of the United States and the State of Illinois prior to graduation. Students are required to be enrolled in six (6) academic classes, in addition to physical education, at all times. No student is allowed to enroll in more than one study hall without the permission of the principal.

**Guidance**

Guidance and counseling services are provided for all high school students. A student may arrange for a conference during his/her study hall or free time, before or after school, and during his/her lunch hour. What the student discusses with the counselor is held in confidence.

Because family support is essential to academic and personal success, the counselor welcomes contact with and questions from parents/guardians concerning students' academic progress or career plans.

**Hancock County Academy**

The Regional Office of Education provides students who have dropped out of area high schools the opportunity to complete their high school diploma requirements through attending the Hancock County Academy. In order to enroll at the Academy, students must have permission from their home district. Illini West District #307 has established the following guidelines concerning the Academy:

1. In order to receive permission to attend the Academy, a student must be between the ages of 17 and 21 and not be enrolled in high school for a minimum of 18 weeks. (Vacation and holidays are not considered periods of school enrollment.) The Superintendent and/or Principal may waive this guideline if extenuating circumstances exist.
2. Students who have an active Individualized Education Plan through special education services and those who have been expelled from Illini West High School are not permitted to enroll at the Academy.
3. Upon enrollment at the Academy, a student forfeits all rights to participate in Illini West High School activities. This includes, but is not limited to, athletic participation, clubs, and prom.
4. Students who elect to drop out of Illini West High School to attend the Academy may return to IWHS one time
5. Students attending the Academy will not be allowed to participate in the High School Cooperative Work Program.
6. Students attending the Academy must enroll in the required courses for their grade level in the event the student returns to Illini West High School.
7. Upon successful completion of requirements at the Academy, the student will be awarded a high school diploma in accordance with Illinois State Board of Education and Regional Office of Education guidelines.
8. Academy graduates must present a letter of intent to the Board of Education by April 1 in order to be considered candidates for participation in graduation ceremonies.

*Hancock and McDonough Counties Learning Center*

The Learning Center's responsibility will be to provide an educational environment for students in grades 6-12 who are chronically disruptive at the High School. The academic program will be individualized to accommodate students with diverse backgrounds. Illini West will use the following suggested guidelines in determining a student's eligibility:

1. Suspended for gross misconduct.
2. Arrested by police and/or remanded to juvenile or criminal courts for acts related to school activities.
3. Eligible for disciplinary reassignment pursuant to violation of school district "zero tolerance" policies.
4. Involved in misconduct that can be demonstrated as serious, repetitive and/or cumulative.
5. Youth returning from juvenile correction facilities.

The purpose of this program is to give disruptive students the opportunity to change their inappropriate behaviors in a setting that

does not allow them to interfere with the educational progress of other students, and continue their own educational progress towards a high school diploma.

#### **Homebound Instruction**

Home instruction is a service available for students medically eligible or physically unable to attend school for ten consecutive days or longer. Students need to have a medical certification form completed by a physician and on file with the school before services can start. These forms are available in the office. Instruction starts immediately. Children suffering from common childhood contagious diseases or upper respiratory infections which are relatively uncomplicated or require less than two (2) weeks of total confinement should not be referred for homebound instruction.

#### **Honor Roll**

Students receive two types of recognition. High Honors will be given those with a grade point average of 3.75 to 4.00. Honors will be given those with a grade point average of 3.5 to 3.749. Honorable Mention will be given those with a grade point average of 3.0 to 3.499. Points are computed as follows: A=4.0, B=3.0, C=2.0, D=1.0, and F=0.

#### **Instructional Material**

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child/ward's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

#### **Physical Education Waivers Due to Athletic Participation**

Juniors and Seniors involved in an interscholastic athletic program may request to be excused from participation in PE classes during the duration of the athletic season. (Athletic participation does not include dance team, cheerleading, or marching band.) If a student waives for a period of six weeks or longer, his/her PE grade for the remainder of the semester will not count towards his/her GPA for that semester. A student must return to PE immediately when the season ends, except for those who have elected to take a class during his/her PE class hour for the entire semester. If a student does not use his/her study halls properly, their waiver will be revoked.

### Report Cards and Grading Scale

Illini West issues report cards quarterly on the first Friday after the completion of a quarter. Two quarter periods make up one semester of the school year, which consists of two semesters. Student achievement is reported using grades which are reported using the following scale:

A (Superior Work)	90-100
B (Above Average Work)	80-89
C (Average Work)	70-79
D (Below Average Work)	60-69
F (Failing Work)	Below 60

At the midpoint of each quarter (approximately 4 ½ weeks), each teacher will report grades for each student in each class. These reports will be available on the Power School student management system. Parents can request a report if they do not have computer access. Incomplete grades (I) grades will be issued to those students who have been absent immediately prior to the end of the semester. Parents are encouraged to contact the teacher or principal for a conference at any time they have a question or concern about their student's achievement.

### Schedule Changes

All schedule changes must be approved by the counselor. A letter from the parent of the student requesting a change in schedule must be directed to the counselor explaining why the change is needed. The following are the only reasons a schedule may be changed:

1. Schedule error
2. Repeating a required course that had previously received a failing mark
3. Teacher or administrator request
4. Students without a study hall may drop a course with the consent of the counselor.

### Semester Exams

Semester exams will be required in all courses at the end of the first and second semester. Semester exams will count as 20% of the final semester grade.

### Semester Grades

The grade for the semester is the average of the two quarter grades and the semester test. Each quarter grade will be two-fifths (40%) and the semester test will be one-fifth (20%) of the semester grade.

### *Student Assistance Program (I-WIN)*

I-WIN is designed to assist students in dealing with educational behaviors that are affecting their success in school. If a student requires assistance in any of four areas (academics, attendance, behavior, or health) they can be referred to the I-WIN Team for evaluation and potential intervention. A referral may be made by a parent, teacher, student, or the student may refer himself/herself if he/she recognizes that there is a problem. When a student is referred, the I-WIN Team gathers information from teachers, parents, and the student. After studying the information, the I-WIN Team develops an action plan to assist the student in resolving the problem(s) that were identified. Sometimes this can get done within the school system while at other times it may be necessary to get assistance from community resources. The overall goal of the I-WIN Team is to help students be successful in school, at home, and in the work place.

### *Study Halls*

Study halls are assigned to students as a normal part of their course load. They are intended to provide time to study assigned material and complete assignments. Punctual attendance is mandatory. The following rules will be followed in all study halls:

1. Students are to be working on homework, reading appropriate material, or using the computer.
2. Computers are to be used for class related assignments. Students must have a pass from a teacher in order to use a computer.
3. Talking and working together are only allowed with the permission of the instructor.
4. No food or drinks are allowed.
5. Students must have a pass from a teacher before being allowed to go to that teacher's room.
6. Students will not be allowed to leave the room unless they have their assignment book.
7. Students are responsible for maintaining a clean and neat learning environment.

### *Western Area Career Systems Students*

Western Area Career System students are expected to attend WACS classes on the days those classes are in session and at the times those classes meet. When WACS classes are not in session, students are excused from being at IWHS for those periods but must attend all IWHS classes for which they are registered. The school will provide transportation even on days we do not have school or have early dismissal. (Exception: WACS buses will not run on days when school is canceled because of the weather.) WACS students who skip WACS classes, are unexcused, and/or fail to attend regularly scheduled

classes, even when IWHS is not in session, may be dismissed from the program following notice to the students and parents.

If sufficient numbers of students are taking a WACS class off-site, transportation may be provided. When transportation is provided by the district to a particular WACS class, students are not allowed to drive themselves to the class. (Exception: Auto mechanics students may periodically take a vehicle to Hamilton with the prior written approval of the auto mechanics instructor, the parent, and the high school principal for the purpose of working on the car.) If district transportation is not provided, transportation is the responsibility of the student.

Students wishing to enroll in WACS classes for their Junior year must have at least fifty percent (50%) of the credits required for graduation by the end of their Sophomore year. Students choosing to enroll in WACS classes for their Senior year must be able to earn enough credits during their Senior year to be able to graduate at the end of the year. Students not meeting these academic guidelines will not be permitted to participate in the WACS program.

## GENERAL INFORMATION

### *Asbestos Within the School District Notification*

The following is provided in accordance with the Asbestos Hazard Emergency Response Act (AHERA) and Policies of the Board of Education of the District. This notification has the intent to inform workers, building occupants and their legal guardians of activities related to asbestos containing building materials in the school. Copies of the inspection reports and the management plans are available for inspection during normal office hours in each school in the District. Periodic surveillance is conducted at least every 6 months as long as asbestos materials remain in the buildings. The District will continue its efforts to maintain all asbestos containing materials remaining in an intact state and undamaged condition. School maintenance and custodial personnel have received the required asbestos awareness training. Facilities included are: Illini West High School, and the Illini West High School District Business Office.

### *Assemblies*

Assemblies will be held from time to time to enable students to hear cultural groups and outstanding speakers, to prepare for athletic events, and to receive instruction on matters of common interest to the entire student body. Suggestions for future assemblies from the

student body via the student council are welcomed and will be given serious consideration. Students are to maintain polite, courteous, and positive behavior at every assembly. Failure to do so will result in disciplinary action.

### *Athletics*

Illini West has six interscholastic sports for boys (football, cross country, golf, basketball, baseball, track) and six for girls (volleyball, cross country, golf, basketball, softball, track). Students are encouraged to participate in one or more activities.

### *Behavior Intervention Guidelines*

It is the purpose of this policy to establish the process for the Illini West High School District to comply with P.A. 87-1103 on the use of behavioral interventions for students with disabilities.

Behavioral interventions should be used by teachers and administrators to promote and strengthen desirable adaptive student behaviors and reduce identified inappropriate behaviors. A fundamental principle is that positive, nonaversive interventions designed to develop and strengthen desirable student behavior should be used, whenever possible. Undesirable behavior should be reduced by developing, strengthening or generalizing desirable behavior to displace the undesirable behavior.

While positive approaches alone will not always succeed in managing extremely inappropriate behavior, the use of more restrictive behavior interventions should be approached with caution. The use of restrictive interventions for students with disabilities should be based on assessment, planning, supervision, evaluation, documentation, and protective measures. The use of restrictive interventions should maintain respect for human dignity and personal privacy and adhere to professionally accepted instructional practices.

The Illini West High School District must establish and maintain a committee to develop policies and procedures on the use of behavioral interventions for students with disabilities who require behavioral interventions. In establishing this policy, *Illinois State Board of Education Behavioral Interventions in Schools: Guidelines for Development of District Policies for Students with Disabilities (June, 1994)* has been reviewed as a non-binding reference and considered. Copies of this document may be requested from: Illinois State Board of Education, 100 North First Street, Springfield, Illinois 62777-0001.

The use of positive behavioral interventions will be promoted and include, but are not limited to, the following components:

- A. Behavior Intervention Committee;
- B. Designation of behavioral interventions by level of restrictiveness;
- C. Identification of behavioral intervention consultant;
- D. Procedures for the development of behavioral management plans for students with disabilities having significant behavioral and/or emotional needs and for such students requiring restrictive interventions;
- E. Procedures for the documentation of emergency use of restrictive interventions;
- F. Provisions for parent involvement;
- G. Provisions for staff training and professional development.

These identified components shall be detailed in District Behavioral Guidelines for Students with Disabilities.

The Illini West High School Board shall (1) furnish a copy of its local policies and procedures to parents and guardians of all students with individualized education plans within 15 days after the policies and procedures have been adopted by the School Board or at the time an individualized education plan is first implemented for the student and at the beginning of each school year thereafter, and (2) require that each school inform its students of the existence of the policies and procedures annually.

#### **Blood Borne Pathogen Policy**

Illinois West High School District #307 has a blood borne pathogen exposure plan. The purpose of this plan is to protect employees against potentially infectious materials including blood. The plan provides for protective equipment such as rubber gloves, absorbent materials, plastic bags, germicidal soap, sharps and sharps containers. The plan also mandates Hepatitis B vaccinations for specific job classifications and makes it optional for all other school employees.

#### **Breakfast and Lunch Regulations**

Breakfasts and hot lunches are served in the cafeteria. Food should not be taken from the cafeteria area and lunches from home must be consumed in this designated area. Food and beverages brought or purchased off school grounds should be consumed off of school grounds.

Prices for meals are set at the beginning of the year. Milk may be purchased at noon and in the mornings. Families may fill out applications for free or reduced lunches if they feel they qualify.

Parents/guardians must be able to provide proper names, social security numbers, and income levels as required to properly fill out the free or reduced lunch forms. Guidelines for this program change yearly. The information obtained from the application is confidential and prompt attention will be given all applications.

### **Bulletins**

Daily bulletins are distributed each day, read to students and posted on the bulletin board outside the office, as well as on the District web page. The bulletins contain activities and items of interest to staff, students and parents. Students may have items placed in the bulletin with prior approval from the principal.

### **Bus Rules and Regulations**

Bus rules and regulations must be obeyed for the safety of all passengers on the bus. Students disobeying bus rules and regulations may lose bus-riding privileges. Safety on the bus is determined largely by the conduct of the students. For this reason, all students must conduct themselves in such a manner that safety on the bus is promoted. The following rules shall apply to all bus riders on elementary as well as high school buses:

1. Dress appropriately for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop and stay away from the street while waiting for the bus. If you are late and the bus is departing, do not run after the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter and exit in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Changing seats is not allowed while the bus is in motion. Keep your hands, arms and head inside the bus.
5. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
6. Always listen to the bus drivers' instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or other passengers.
7. Wait until the bus comes to a complete stop before standing up. Use the handrail when exiting the bus.
8. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus

- and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
9. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus crossing arm. Cross the street only after checking both ways for traffic.
  10. Never run back to the bus, even if you dropped or forgot something.
  11. Never cross between two parked buses.
  12. Exit the front of the bus only. Back and side emergency exits are for emergencies only.
  13. Only authorized personnel are allowed to occupy the driving area.

#### Car and Driving Rules

1. Students must have on file in the office a signed permission form from their parent/guardian if they are to drive their vehicle during lunch.
2. Students who drive to school must register and purchase a parking permit for all of the vehicles that they may drive to school in the high school office.
3. Students shall obey all rules of the road when going to and from school and in the parking lot. Vehicles are to be driven at a reasonable speed and in a safe and responsible manner.
4. Students are to use their vehicles only for going to and from lunch or for special appointments. Vocational students will be permitted to drive to their jobs; however, no other students will be permitted in their vehicles.
5. Student parking is restricted to the main parking lot east of the building. There is NO PARKING permitted by students in the circle drive, in front of the school, past the athletic field entrance, in the rear of the building, or in first row of the main parking lot closest to the school building.
6. Students must not park in such a manner that blocks traffic or that prohibits others from leaving.
7. Upon arrival at school, students are to leave their vehicles immediately.
8. Students who need to go to their vehicles during the day must have permission from the office. Students found in their vehicles, or any other vehicle, or in the parking lot during the school day without a pass will be subject to disciplinary action and a loss of driving privileges.
9. All students must have parental permission to leave the school grounds for any reason.
10. No illegal matter, such as drugs, alcohol, weapons, explosives, or stolen property may be transported or left in any motor vehicle on school property. The school district reserves the right to reasonable

search of any vehicle entering or parked on school property suspected of transporting such material.

11. Items in a student's care are assumed to belong to the student who registered the car (as required by school policy). In other words, the student is responsible for anything in his/her car and will be penalized if substances or items found in the car violated school rules and policies or may reasonably seem to be unsafe or inappropriate for the school setting.
12. Students are required to park in a manner that is appropriate and not a distraction, disturbance, or hazard to other drivers.
13. Students violating any of the parking and driving rules and guidelines are subject to Saturday detention, loss of driving privileges, and the towing of their vehicle at the owner's expense.

#### Cell Phones

1. Students are prohibited from using cell phones or having them "on" during the school day. This includes lunch time and passing periods, as well as school sponsored trips and "behind the wheel" driver education classes. "Using" them refers to not only making and receiving calls, but also using the cell phone for other purposes. Since students are not to have them turned on, parents should not be contacting their students by cell phone.
2. Pages, beepers, and other electronic communication devices continue to be prohibited.
3. Students participating in extra-curricular activities and athletics must contact their coach or sponsor about rules involving cell phone use after school hour or on bus trips.
4. Students and parents are notified that District #307 is not responsible for the loss, theft, damage, or vandalism to student cell phones, as well as other personal property. Students and parents are strongly encouraged to insure that if students have cell phones in their possession, they should not leave them unattended or unsecured.
5. Using a cell phone in an unauthorized manner or in violation of the above policy will result in an in-school suspension.
6. Cell phones used by the students during the day will be taken by the teacher and placed in the office. It is the student's responsibility to pick up the phone at the end of the day.

#### Clubs and Organizations

A number of special organizations and activities are available. Each activity offers opportunities for students to gain experience in working together on matters of mutual interest outside the regular classroom. Students should check with the assigned sponsor of the following listed organizations if interested in participating:

Yearbook, Home Economics Club, Student Council, FBLA, WYSE, Scholastic Bowl, Cheerleading, International Club, Industrial Arts Club, FFA, Pep Club, Marching Band, Jazz Band, National Honor Society, Math Team, Flags, Drama Club, School Play, English Club, Dance Team, Scholastic Clay Target Program, Speech, Key Club, History Club, Art Club and S.A.D.D. Club

College Entrance Requirements

It is impossible to plan a program of studies in such a way as to meet the entrance requirements of all colleges and universities. Colleges and universities vary as to the requirements for admission. The best plan to follow is to decide upon several colleges or universities which you may wish to attend and to plan courses in such a way as to meet the entrance requirements for those particular schools.

The Illinois State Board of Higher Education has established statewide minimum admission standards for public colleges and universities in Illinois. The following high school subjects will be required of freshmen entering community college transfer programs and public universities (a unit is one year of instruction).

Minimum Requirements

<u>Units</u>	<u>Subjects</u>
4	English (emphasizing written and oral communication and literature)
3	Social Studies (emphasizing history and government)
3	Mathematics (introductory through advanced algebra, geometry, trigonometry, or fundamentals of computer programming).
3	Science (laboratory science)
2	Foreign Language, Music, Art or some Vocational Education classes

Individual public universities and community colleges may have other subject requirements in effect, as well as other requirements involving test scores and grade point averages. Applicants must contact each college or university individually for details about all of its requirements.

Requirements for college entrance are so varied and different that it is impossible to generalize as to entrance requirements. That is why it is important to begin communication with the guidance department and the potential school as soon as some desire to attend a specific school is expressed.

### College Entrance Exams

Most colleges require test scores from a commercial testing company. Since these tests are provided on a national basis, most colleges accept scores from one or both companies.

ACT - The ACT (American College Testing program) test is required of all Juniors as part of the Prairie State Achievement Exam. This test is a very commonly used admission test in Illinois and other Midwestern states. It is a five-part test giving scores in a range of 1 to 36 in English, Math, Reading, and Science and a score of 1 to 6 on Writing. A composite (average) of the first four scores is computed and sent to the college(s) of a student's choice. Scores in the upper teens or low 20's are considered to be indicators of a student's potential to succeed in college. In addition to the required testing session in April, students may also register to take the ACT on a national Saturday test date in September, October, December, April or June.

SAT - The SAT (Scholastic Aptitude Test) is administered by the College Entrance Examination Board (CEEB) and is commonly referred to as the "College Boards". Two scores are computed on this test: Verbal and Mathematical. The range of scores is from 200 to 800 on each test. Most colleges give preference to students with a combined score of 1000 or more. The SAT may be taken in November or December of the senior year, but many students take it earlier in hopes of securing admission to highly selective schools or in hope of obtaining academic scholarships.

Both tests may be taken more than once and the highest score will be used.

### College Financial Aid

Students need to talk with the guidance department regarding money available from federal, state and local sources. Students are also encouraged to use free internet scholarship search services such as [www.fastweb.com](http://www.fastweb.com). The most important source of financial information is the financial aid office of the prospective college or university you plan on attending. Many times, local scholarships, fellowships, grants-in-aid, or loans are available along with the latest information on financing from these institutions. Please contact the guidance office regarding any advice or information pertaining to higher education finances.

### College Visits

Juniors and Seniors planning to attend a post-secondary school may visit during the school day if the following conditions are met:

1. Entrance requirements for the institution have been met (gpa, class rank, ACT/SAT scores)
2. The visit has been scheduled through the high school counselor's office.

Students will be allotted up to three college visit days, two of which may be used in the senior year and one during the junior year. College visits may be limited to half-days for local institutions.

### Complaint Procedure

During the year you may have some complaint involving a school situation. The Board of Education has adopted the following policy with regard to complaints.

- Step 1 Try to resolve the complaint by discussing it first with the staff person whom the complaint is against.
- Step 2 Take the complaint to the Principal.
- Step 3 Take the complaint to the Superintendent.
- Step 4 If by Step 3 your complaint has not been resolved, write your complaint down for the Superintendent and submit it for board consideration by giving it to the Superintendent at least one week in advance of the next board meeting. He will then send each board member a copy of your complaint and place you on the board agenda.

### Computer and Computer Network

Use of the computer network is privilege that all students must respect. Each student will be assigned a password that must not be shared with others. Disciplinary action as specified in the disciplinary section of the Handbook for violations of the computer network or abuse of computer hardware or software will be enforced. Students must sign a copy of the Computer and Internet Policy before they can work with computers. (A copy of the Internet Policy is available on the school web site at [www. Illiniwest.org](http://www.Illiniwest.org))

### Dances

Guests at all high school dances must be in high school or under the age of 21 and have photo ID to present to obtain entrance into the event. The student bringing the guest must take responsibility to inform the guest of the school rules regarding dances and ensure the guest's compliance to these rules. The parent(s) of the subject bringing a guest must affirm that the guest is a responsible person and an acceptable guest for the social event. Guests who are in high school must have their school administration acknowledge that they are a student in good standing. A Date Information Request Form for this information must be obtained from the office, completed and returned to the office prior to the date of the dance.

### Directory Information

The District may release personally identifiable information regarding students in a Student Directory. The Student Directory information shall be limited to: name; address; gender; grade level; birth date and place; parents'/guardians' names and addresses; academic awards; degrees and honors; information in relation to school-sponsored activities, organizations and athletics; major field of study; period of attendance in school; weight and height of members of the athletic teams.

Each year, before publication of the Student Directory, notice of the publication and a listing of its contents shall be given to each student's parent(s)/guardian(s). The parent(s)/guardian(s) must notify the District within 14 days of all or a portion of directory information which shall be deleted from the Student Directory. After such time, the District shall release the directory information for which no objections were filed.

### Dress Code

When a student's style of dress or appearance presents a clear and present danger to the students' health and safety, causes an interference with school work, or creates a classroom or school distraction, he/she will be asked to correct the condition. Wearing insignia or articles of clothing which infringe upon the rights of others will not be permitted to disrupt the work of the school. It is the obligation of parents and the responsibility of students to see that reasonable and proper dress and appearance be maintained at all times in school and at school activities. Exhibitions of dress that distracts and/or disrupts the educational process will not be tolerated. Students wearing unacceptable clothing will be required to change clothing or be assigned 1 day of In-School Suspension. Continual violation of dress code will result in further disciplinary action.

The state of Illinois requires frequent disaster drills, fire drills, tornado drills, and crisis drills. Evacuation procedures are posted in each room of every building and specific exits and procedures are discussed by individual teachers. Should an emergency alarm sound, people in the building should make a rapid, orderly exit from the building. Classes are to stay with their teachers for attendance. Do not attempt to reenter the building. Everyone should stay outside until an “all-clear” signal is given.

#### *Education of Children with Disabilities*

The District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of *The School Code*, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.

A written response shall then be made to the grievance within ten (10) school days of such meeting.
3. If unresolved, the complaint shall be submitted, in writing, to the Title IX Coordinator/Superintendent within ten (10) school days of receipt of written response identified in Step 2. A meeting shall occur within five (5) school days of the receipt of the written grievance. Within five (5) school days of such meeting, a written response shall be made to the grieving party.
4. If the complaint is unresolved in Step 3, a written appeal may be taken to the Board of Education within ten (10) school days. The Board shall consider such grievance at their next regularly scheduled board meeting. A written response shall then be made to the grieving party within five (5) school days of such meeting.

Level II:

If a complaint is unresolved at Level I, the grieving party may notify and address the issue with the Office of Civil Rights, Washington, D.C., or the appropriate court. If the grievance pertains to the Handicapped, the grievant may also request an impartial due process hearing, which will be held in accordance with the guidelines set forth

by the Illinois State Board of Education in the book entitled Rules and Regulations to Govern the Administration and Operation of Special Education, Article X.

### Special Education

The Illini West High School District offers a free and appropriate education to all children. Any student, age 3-21, residing in the Illini West School District is eligible for special education services if he or she is:

Deaf	Health Impaired	Deaf-Blind
Learning Disabled	Speech Impaired	Hard of Hearing
Mentally Handicapped	Visually Handicapped	Autistic
Multi-handicapped	Emotionally Handicapped	
Behavior Disordered	Orthopedically Impaired	

The school district provides an ongoing annual screening by teachers and other professional personnel, for referral of those students who exhibit problems which interfere with their educational progress and/or their adjustment to the educational setting.

Referrals may be made through the building principal, by school district personnel, the parent of the child, community service agencies, persons having primary care and custody, other professional persons having knowledge of the child's problems, the child, or the State Board of Education, and the Illinois Office of Education, when there is reason to believe that a child may require special education service.

### Student Records

A student record is any record that contains personally identifiable information or other information that would link the document to an individual student if it is maintained by the District, except records kept: (1) in a school staff member's sole possession destroyed not later than the student's graduation or permanent withdrawal, and not accessible or revealed to any other person except a temporary substitute teacher, or (2) by law enforcement officials working in the school.

Maintenance of School Student Records: The District maintains two types of school records for each student: a permanent record and a temporary record.

The permanent record shall include: basic identifying information, including the student's name and address, birth date and place, gender, and the names and addresses of the student's parent(s)/guardian(s); academic transcripts, including grades, class rank, graduation date, grade level achieved, and scores on college entrance examinations; Attendance record; accident and health

reports; record of release of permanent record information in accordance with 105 ILCS 10/6(c); scores received on all State assessment tests administered at the high school level (that is, grades 9 through 12).

The permanent record may include: honors and awards received and school-sponsored activities and athletics

No other information shall be kept in the permanent record. The permanent record shall be maintained for at least 60 years after the student graduated, withdrew, or transferred.

All information not required to be kept in the student permanent record is kept in the student temporary record and must include: a record of release of temporary record information in accordance with 105 ILCS 10/6(c); scores received on the State assessment tests administered in the elementary grade levels (that is, kindergarten through grade 8); information regarding serious infractions (that is, those involving drugs, weapons, or bodily harm to another) that resulted in expulsion, suspension, or the imposition of punishment or sanction; information provided under the Abused and Neglected Child Reporting Act (325 ILCS 5/8.6), including any final finding report received from a Child Protective Service Unit Completed home language survey.

The temporary record may include: family background information; intelligence test scores, group and individual; aptitude test scores; reports of psychological evaluations, including information on intelligence, personality and academic information obtained through test administration, observation, or interviews; elementary and secondary achievement level test results; participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations; honors and awards received; teacher anecdotal records; other disciplinary information; special education files, including the report of the multidisciplinary staffing on which placement or nonplacement was based, and all records and tape recordings relating to special education placement hearings and appeals; verified reports or information from non-educational persons, agencies, or organizations; verified information of clear relevance to the student's education.

Information in the temporary record will indicate authorship and the date it was added to the record. The District will maintain the student's temporary record for at least 5 years after the student transferred, graduated, or permanently withdrew. Temporary records that may be of assistance to a student with disabilities who graduates or permanently withdraws, may, after 5 years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s).

The Building Principal is the records custodian for his or her respective building and is responsible for the maintenance, care, and security of a student's permanent or temporary records. Upon a student's graduation, transfer, or permanent withdrawal, the Building Principal or designee shall notify the parent(s)/guardian(s) and the student when the student's permanent and temporary school records are scheduled to be destroyed and of their right to request a copy. Before any school student record is destroyed or information deleted therefrom, the parent/guardian must be given reasonable prior notice at his or her last known address and an opportunity to copy the record and information proposed to be destroyed or deleted. Student records shall be reviewed at least every 4 years, or upon a student's change in attendance centers, whichever occurs first, to verify entries and correct inaccurate information.

The District uses students' Social Security numbers for intra-school identification purposes, if at all. However, school officials may not require students or their parents/guardians to provide them. Absent a court order or subpoena, school officials do not provide educational records to the Immigration and Naturalization Service.

Access to Student Records: The District shall grant access to student records as follows:

1. Neither the District nor any of its employees shall release, disclose, or grant access to information found in any student record except under the conditions set forth in the Illinois School Student Records Act.
2. The parent(s)/guardian(s) of a student under 18 years of age, or designee, shall be entitled to inspect and copy information in the child's school records; a student less than 18 years old may inspect or copy information in the student's permanent school record. Such requests shall be made in writing and directed to the Building Principal. Access to the records shall be granted within 15 days of the District's receipt of such a request.

Where the parents/guardians are divorced or separated, both shall be permitted to inspect and copy the student's school records unless the District has actual notice of a court order indicating otherwise. The District shall send copies of the following to both parents/guardians at either's request, unless the District has actual notice of a court order indicating otherwise:

- a. Academic progress reports or records;
- b. Health reports;
- c. Notices of parent-teacher conferences;
- d. School calendars distributed to parents/guardians; and

- e. Notices about open houses, graduations, and other major school events including pupil-parent/guardian interaction.

When the student reaches 18 years of age, graduates from high school, marries, or enters military service all rights and privileges accorded to parent(s)/guardian(s) become exclusively those of the student.

Access shall not be granted the parent(s)/guardian(s) or the student to confidential letters and recommendations concerning the admission to a post-secondary educational institution, applications for employment or the receipt of an honor or award which were placed in the records prior to January 1, 1975, provided such letters and statements are not used for purposes other than those for which they were specifically intended. Access shall not be granted to such letters and statements entered into the record at any time if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters and statements.

- 3. The District may grant access to, or release information from, student records without parental/guardian consent or notification to District employees or officials or the Illinois State Board of Education, provided a current, demonstrable, educational or administrative need is shown. Access in such cases is limited to the satisfaction of that need.
- 4. The District may grant access to, or release information from, student records without parental/guardian consent or notification to any person for the purpose of research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified from the information released, and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records.
- 5. The District shall grant access to, or release information from, a student's records pursuant to a court order, provided that the parent(s)/guardian(s) shall be given prompt written notice of such order's terms, the nature and substance of the information proposed to be released, and an opportunity to inspect and copy such records and to challenge their contents. However, the District will comply with an ex parte court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or the consent of the student's parent(s)/guardian(s).
- 6. The District shall grant access to, or release information from, any student record as specifically required by federal or State statute.

7. The District shall grant access to, or release information from, student records to any person possessing a written, dated consent, signed by the parent(s)/guardian(s) or eligible student stating to whom the records may be released, the information or record to be released, and the reason for the release. One copy of the consent form will be kept in the records and one copy is mailed to the parent(s)/guardian(s) or eligible student by the Superintendent. Whenever the District requests the consent to release certain records, the Building Principal shall inform the parent(s)/guardian(s) or eligible student of the right to limit such consent to specific portions of information in the records.
8. The District may release student records to the Building Principal of another Illinois school, or an official with similar responsibilities in a non-Illinois school, in which the student has enrolled or intends to enroll, upon written request from such official.
9. Prior to the release of any records, or information under items 6 and 8 above, the District shall provide prompt written notice to the parent(s)/guardian(s) or eligible student of this intended action. This notification shall include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents. If the release is under 6 above and relates to more than 25 students, a notice published in the newspaper is sufficient.
10. The District may release student records, or information in connection with an emergency without parental consent if the knowledge of such information is necessary to protect the health or safety of the student or other persons. The Building Principal shall make this decision taking into consideration the nature of the emergency, the seriousness of the threat to the health or safety of the student or other persons, the need for such records to meet the emergency, and whether the persons to whom such records are released are in a position to deal with the emergency. The District shall notify the parent(s) /guardian(s) or eligible student as soon as possible of the information released, the date of the release, the person, agency or organization to whom the release was made, and the purpose of the release.
11. The District shall grant access to, or release information from student records to juvenile authorities when necessary for the discharge of their official duties upon their request before the student's adjudication, provided they certify in writing that the information will not be disclosed to any other party except as provided under law or order of court. "Juvenile authorities" means: (a) a circuit court judge and court staff members designated by the judge; (b) parties to the proceedings under the

Juvenile Court Act of 1987 and their attorneys; (c) probation officers and court appointed advocates for the juvenile authorized by the judge hearing the case; (d) any individual, public or private agency having court-ordered custody of the child; (e) any individual, public or private agency providing education, medical or mental health service to the child when the requested information is needed to determine the appropriate service or treatment for the minor; (f) any potential placement provider when such release is authorized by the court to determine the appropriateness of the potential placement; (g) law enforcement officers and prosecutors; (h) adult and juvenile prisoner review boards; (i) authorized military personnel; and (j) individuals authorized by court.

12. The District shall grant access to, or release information from student records, to a SHOCAP (Serious Habitual Offender Comprehensive Action Program) committee member, provided that:
  - a. The committee member is a State or local official or authority,
  - b. The disclosure concerns the juvenile justice system's ability to effectively serve, prior to adjudication, the student whose records are to be released and the official or authority certifies in writing that the records will not be disclosed to any other party except as provided under State law without the prior written consent of the student's parent(s)/guardian(s),
  - c. The disclosure's purpose is limited to identifying serious habitual juvenile offenders and matching those offenders with community resources pursuant to Section 5-145 of the Juvenile Court Act of 1987, and
  - d. The release, transfer, disclosure, or dissemination consistent with the Family Educational Rights and Privacy Act.
13. Upon their request, military recruiters and institutions of higher learning shall have access to secondary students names, addresses, and telephone listings, unless an objection is made by the student's parent(s)/guardian(s). The Building Principal or designee shall notify parents/guardians that they may make this objection.
14. The District charges \$.35 per page for copying information from a student's records. No parent(s)/guardian(s) or student shall be precluded from copying information because of financial hardship.
15. Except as provided below, a record of all releases of information from student records (including all instances of access granted whether or not records were copied) shall be kept and maintained as part of such records. This record shall be maintained for the life of the student record and shall be accessible only to the

parent(s)/guardian(s) or eligible student, Building Principal, or other person. The record of release shall include:

- a. Information released or made accessible.
- b. The name and signature of the Building Principal.
- c. The name and position of the person obtaining the release or access.
- d. The date of the release or grant of access.
- e. A copy of any consent to such release.

No record of a disclosure is maintained when records are disclosed according to the terms of an ex parte court order.

Orders of Protection: Upon receipt of a court order of protection, the Building Principal shall file it in the records of a child who is the “protected person” under the order of protection. No information or records shall be released to the Respondent named in the order of protection. When a child who is a “protected person” under an order of protection transfers to public or private school, or as soon as possible, the Building Principal shall, at the request of the Petitioner, provide, within 24 hours of the transfer or as soon as possible, written notice of the order of protection, along with a certified copy of the order, to the school to which the child is transferring.

Student Record Challenges: The parents/guardians may challenge the accuracy, relevancy, or propriety of their student’s school records. However when the student’s school records are being forwarded to another school, no challenge may be made to grades or references to expulsions or out-of-school suspensions. The parents/guardians have the right to request a hearing at which each party has the right to:

1. Present evidence and to call witnesses;
2. Cross-examine witnesses;
3. Counsel;
4. A written statement of any decision and the reasons therefore; and
5. Appeal an adverse decision to an administrative tribunal or official to be established or designated by the State Board.

The parent(s)/guardian(s) may insert a written statement of reasonable length describing their position on disputed information. The school will include a copy of the statement in any release of the information in dispute.

### Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District’s educational

objectives as identified in Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child or ward to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

### Telephones

The office telephone is a business phone and should be used by students for emergencies only. Parents should not call school except in

case of a real emergency, to report the reason for a student's absence, or to conduct school business. A pay telephone is available in the hall near the high school office.

**Title II of the Americans with Disabilities Act of 1990 (ADA)**

Title II of the ADA is a federal law that prohibits discrimination against persons with disabilities and ensures that no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity. For information, questions, or concerns regarding access to programs, services or activities for individuals with disabilities, please contact the Illini West High School Building Principal, ADA Compliance Coordinator for the Illini West High School at 600 Miller Street, Carthage, IL 62321. Telephone 217/357-2136.

**Transportation to School Activities**

The school will furnish transportation to various school activities held off campus. All student groups participating in the name of the school must use this form of transportation to the sponsored event. Student buses for non-participants may also be sent. A minimal fee for spectator buses will be charged to defray mileage expenses. All students transported by bus are expected to follow the same bus rules and regulations followed by students riding a regular bus route. No student may be dropped off at their homes by the bus driver at any time due to state and federal transportation restrictions.

**Visitors**

The school's policy is to accept only those visitors who have legitimate business to attend at the school. Parents/guardians are considered an integral part of the school and partners in the educational process and are welcome to visit their child's classes. As a matter of professional courtesy, we do require a one-day notice to the office and the teacher(s) prior to any visit. Visitors must register in the office and are expected to leave promptly when their business is completed.

**Waiver of Fees**

Fees are charged for the use of textbooks, consumable materials, extracurricular activities, and other school fees. Students will pay for loss of school books or other school-owned materials. Fees for textbooks, other instructional materials, and driver education are waived for students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

A student shall be eligible for a fee waiver when the student is currently eligible for free lunches or breakfasts. The parent(s)/guardian(s) shall submit written evidence of eligibility for waiver of the student's fee. The Building Principal will notify the parent(s)/guardian(s) promptly as to whether the fee waiver request has been granted or denied. A Building Principal's denial of a fee waiver request may be appealed to the Superintendent by submitting the appeal in writing to the Superintendent within 14 days of the denial. The Superintendent or designee shall respond within 14 days of receipt of the appeal. The Superintendent's decision may be appealed to the School Board. The decision of the Board is final and binding.

### *INTRODUCTION*

A number of special organizations, activities, and athletics are available. These include, but are not be limited to:

Student Council, Class Officers, FBLA, WYSE, Scholastic Bowl, Cheerleading, FFA, Pep Club, Golf, Cross Country, Scholastic Clay Target Program, Football, Volleyball, Girls Basketball, Boys Basketball, Baseball, Softball, Track, Band, Marching Band, Jazz Band, Chorus, National Honor Society, Math Team, Flags, Drama Club, Dance Team, Speech, Key Club, S.A.D.D. Yearbook, Home Ec Club, International Club, Industrial Arts Club, History Club, Art Club and the School Play. (Band and chorus events are only extra-curricular when they are not considered co-curricular.)

Based upon interest and Board approval, programs may be added.

Each of these offers opportunities for students to gain experience in working together on problems of mutual interest outside the regular curriculum. Students must abide by the guidelines that follow if they wish to participate in extra-curricular activities.

We, the coaches, the faculty, and the Illini West School District Board of Education, believe that extra-curricular activities belong in the public schools and are an integral part of the school's programs. We encourage all students to take advantage of the opportunity provided to participate in one or more of the extra-curricular activities sponsored by the Illini West school system. We firmly believe that through participation in extra-curricular activities young people may gain experiences which will give each and every one of them the opportunity to develop the skills and values needed to become a productive citizen within a democratic society.

May we personally welcome all students and their parents/guardians to the Illini West School District's extra-curricular programs and wish each individual a successful year. The coaches/sponsors are here to prepare you for success. You must be willing to dedicate the time, energy, and effort for success.

Parents are a very important part of any extra-curricular program, and we encourage you to actively support your son/daughter's interest. Your support could best be shown to your young person by encouraging him/her to follow the rules and regulations of the coach/sponsors, by your attendance at events, and by having a positive attitude toward the overall extra-curricular programs.

This handbook has been prepared to better explain the extra-curricular program to both parents and students. If you have any questions or misunderstandings, please contact us; and we will attempt to clarify. Working together we believe the school and the parents can develop successful extra-curricular programs. This is our goal, and we hope it is the goal of all parents. We want the communities represented by Illini West High School, the Illini West High School students, and the Illini West School Board to be proud of their extra-curricular programs and, most importantly, the students who participate in the programs.

#### *PHILOSOPHY*

We believe that interscholastic athletics/extra-curricular activities are an integral part of the school's total program.

We believe that participation in a sound extra-curricular program contributes to the development of health and happiness, physical skills, emotional maturity, social competence and moral values.

We believe that a sound extra-curricular program teaches the participants the value of cooperation, as well as the spirit of competition that is important to our society. The student learns how to work with others for the achievement of group goals.

We believe that the spirit of play and the will to win are valuable to the development of a healthy mind.

We believe that extra-curricular activities are a wholesome equalizer because individuals are judged for what they can do, not on the basis of social, ethnic or economic group to which their families belong.

#### *RESPONSIBILITIES*

The privilege of participating in our extra-curricular program is extended to all students providing they are willing to assume certain responsibilities.

A student's greatest responsibility is to be a credit to their parents, school and community. Therefore, they should:

1. Display a high standard of social behavior.
2. Display outstanding sportsmanship.
3. Display proper respect for those in authority, including teachers, coaches, sponsors and officials.
4. Display a real spirit of cooperation.
5. Dress with special care when attending a contest away from home.

6. Use language which is socially acceptable. Profanity or vulgar talk will not be tolerated.

A student's involvement in extra-curricular activities is for the entire school year, whether they are currently in an activity or not. The extra-curricular policy and rules apply to that student for the entire year, not just the time the activity is in season.

#### ***ATHLETIC EQUIPMENT***

One of the values of athletics is to teach responsibility, and this should apply to the care of athletic equipment as well as school property. Every athlete is expected to take pride in the fine facilities provided.

The school attempts to provide the best and safest equipment money can buy. Each athlete is expected to take excellent care of this equipment.

The original equipment issued must be returned by each athlete at the close of the season. If equipment needs repair or is not the right size, the coach will make the change.

Each student athlete is held financially responsible for any lost, damaged or misplaced equipment. Students cannot participate in extra-curricular activities if they owe money for fines, fees, etc. to Illini West School District. No student athlete will receive an award until all equipment is returned.

#### ***ATHLETIC INJURIES AND THEIR CARE***

All student athletes in any athletic program **MUST** be covered by insurance before they are permitted to practice.

Parents or legal guardians are responsible for informing the athletic department of any special medical problem of a student athlete.

Any school connected injury shall be reported to the coach. The coach is to fill out an accident form immediately. This accident form **MUST** be filed with the school office by the start of the next school day.

#### ***CHANGE OF SPORT***

Except in isolated and unusual cases, students will not be permitted to change sports during the season. Athletes should make every effort to participate in the sport in which they have a genuine interest. If, for some reason, the student athlete should feel it is desirable to change sports the matter should be discussed immediately with the present

coach. This change must be done before the first contest of the sport in which the student wishes to participate.

***PHYSICALS, INSURANCE/WAIVER, PARENTAL PERMISSION***

All students who participate in the athletic programs sponsored by Illini West High School are required to have a physical examination completed before they can begin practice. Coaches will enforce this rule. Sports physicals will be turned over to the Athletic Director.

It is recommended that each athlete take out the insurance policy available to all students enrolled in school. If the athlete does not choose to buy the insurance policy, parents are required to sign a waiver which states that their student is covered by insurance and releases the school from all responsibility for athletic injuries. The insurance program is offered by the school as a "service" only and is administered by the insurance company.

***ACADEMIC ELIGIBILITY***

Illini West High school students must be passing all subjects in which they are currently enrolled. The IHSA bylaws require that academic eligibility be checked each week. Eligibility runs from Monday through the following Sunday. Any student failing to meet this weekly academic requirement will be suspended from all extra-curricular activities for seven (7) calendar or until a passing grade is obtained in all classes.

Any student on the ineligible list for any three weeks during a season will not be able to participate for the rest of the season. For those activities lasting longer than a season, the student will be ineligible for the remainder of the semester.

As per IHSA rules, a student must have passed and received credit toward graduation for twenty (20) credit hours (2 ½ credits) of high school work for the entire previous semester to be eligible at all during the ensuing semester.

***EXTRA-CURRICULAR CODE OF CONDUCT***

**THIS CODE OF CONDUCT IS IN EFFECT YEAR ROUND**

**RULES ARE A MATTER OF SELF DISCIPLINE.** The best performance the individual is capable of producing comes only after the body and mind have been conditioned through sound training routines.

The Board of Education believes in the value of extra-curricular activities for students, but subscribes to the principle that participation in such activities is a privilege rather than a right.

There shall be no discrimination in administration of these policies on the basis of race, color, creed or sex.

Participation in extra-curricular activities carries with it certain responsibilities which include, but are not limited to, the following:

1. Compliance with all Illinois High School Association Rules and regulations.
2. Compliance with written training rules and regulations as established by the coach/sponsor of the activity in which the student is participating.
3. Compliance with the rules and regulations developed by the Illini West High School Handbook committee which shall consist of parents, sponsors/coaches, faculty, students, board members, and the school administrators.

#### ***ATHLETIC RULES AND REGULATIONS***

All student athletes are subject to the rules and regulations regarding eligibility and conduct established by the following organizations who have as their major responsibilities the welfare of the student athlete, the enforcement of the rules and regulations associated with any sport, and the maintaining of the ideals and values which have become part of school sports in America.

1. The National Federation of State High School Associations establishes rules and guidelines for various sports. State associations utilize these rules for conducting sport activities.
2. The Illinois High School Association is our state representative for the National Federation. They establish eligibility rules, practice guidelines, establish championship series, and they are responsible for supervision of all athletic programs in the state. A copy of the recent rules regarding eligibility is included in the Appendix on Page A. Please keep it for your information and reference. If you have any questions, please contact the athletic director.

#### ***ILLINI WEST HIGH SCHOOL DISTRICT EXTRA-CURRICULAR POLICY***

The Illini West High School District's Handbook Committee shall be responsible for the implementation of the policy and has developed rules and regulations setting forth the procedures to be followed and the penalties to be assigned in the event a student fails to accept his/her responsibilities.

The students who participate in extra-curricular activities in the Illini West High School must conduct themselves at home and on school trips in such a manner that they are a credit to the team, the school, and the community. Individual coaches/sponsors have the right to administer reasonable and just rules and regulations not specifically covered below for minor offenses such as discipline, horseplay, or any other behavior which does not contribute to the efficient and/or effective operation of the program.

The coaches/sponsors at Illini West believe that drugs and alcohol have no place in high school extra-curricular activities. Thus the Illini West High School and the Hancock County Mental Health Department have entered into an agreement which will encourage students and parents who are having problems in this area to seek assistance as well as discipline students who abuse chemicals and/or drugs.

If and/or when an investigation is necessary, the building principal will conduct the preliminary investigation of any reported violation of the Extra-Curricular Handbook.

Pending a conference, any student reported in violation of one or more of the rules contained in the Extra-curricular Handbook will be immediately suspended from competition in all interscholastic contests. The Principal or his designee shall conduct a hearing with the student and mail a suspension form to the student's parent(s)/guardian(s) informing them of the suspension. The parents and student at that time must make a decision of one of the available options.

A student shall be suspected of violating extra-curricular event rules if the student: A) admits to, B) is seen by any sponsor/coach, C) is reported by his/her parents or D) incriminating evidence is presented for any violation of the Extra-Curricular Handbook. If there is sufficient evidence, a student may be suspended before a pending court case/hearing. (Also refer to the "Student Conduct" section of this handbook regarding additional discipline procedures.)

Any complaint by a coach, sponsor, student or parent of the student should be discussed with the activities director and the principal in the principal's office with all parties involved.

All participants, managers, statisticians, etc. must ride to and from the contest on the bus. In the event of multiple school sponsored activities that cause transportation conflicts, permission may be given by the high school administration for the student to ride to an event with the

parent(s) of the student. A student may ride home from a contest with a parent or guardian provided the parent or guardian presents the coach/sponsor with a written note prior to leaving the contest.

Parents or guardians are permitted to authorize their child to be transported from certain school events and/or extra-curricular activities by persons the parents have approved in writing with respect to that event. The Authorization and Release Form is available in the high school office or from the District web site ([www.illiniwest.org](http://www.illiniwest.org)). The procedure set out on the form must be followed by the parents or guardians of the student (no deviation from required procedures).

A student must be present all day in order to participate in any extra-curricular activity that day. (Exception: Exempt absences are not included.)

Any penalty received by an eighth grade student will, if applicable, be carried over into their Freshman year.

Academically ineligible students will be expected to participate in practice and during extra-curricular events will be expected to be involved with the team, but not in uniform.

Any student suspended from school will not be allowed to practice or compete in contests until the school suspension period is over.

If a student is suspended from one activity, then the student may not participate in another activity for the length of their suspension.

The student in Illini West High School who does any of the following at any time during the year shall be subject to penalties:

1. Drinks, uses or possesses alcoholic beverages or uses any drug considered illegal except when prescribed for the student by a licensed physician.
2. Possesses and/or uses any form of tobacco.
3. Commits theft, vandalism or other serious offenses, including those which would violate the Illinois Criminal Code, excluding traffic offenses, as to make the student unworthy to represent the ideals and standards of the school.
4. Flagrantly violates written training rules.
5. The theft or unauthorized possession of school property.

## Penalties

### A. FIRST VIOLATION

1. Schedule a hearing with the school principal and the activities director. Both the student and his/her parent(s)/guardian(s) will be present, and the violation will be discussed. The principal and the activity director will determine if a violation did occur. Their decision will be final.
2. The student shall be suspended from participation in all extra-curricular activities for one calendar year. The student will not be eligible for any awards or post-season recognition.
3. As an alternative to #2 above:
  - a. A student may accept referral to a specified counseling program approved by the Administration/School Board for a preliminary assessment. Furthermore, the student agrees to abide by the recommendations of the assessing agency and to pay for all costs relating to the assessment and any required follow-up treatment. If a student accepts referral and/or treatment, that fact will be regarded as it would be for any illness, with respect to benefits and privileges. As long as a student is involved with the prescribed program, is making satisfactory progress, and follows other applicable rules and regulations, he/she will be eligible for competition. (See Item b.) No record of a student's participation in the counseling program will become part of his/her permanent record.
  - b. An athlete who chooses to use the alternative listed in 3A will be suspended for one-third of the regular season schedule (including tournament games) of his/her current season and/or the next season in which he/she participates. Post season games do not count in penalty suspension calculation but do count toward suspended games served. In the case a suspension carries over to another season, the number of games remaining will be recalculated according to the number of games in his/her next season and the percentage of suspension remaining. An athlete must finish the season in good standing for the suspension to count. An athlete cannot go out for a sport just to serve his/her suspension and quit. He/she must attend all games and sit on the bench with the team in street clothes.

### B. SECOND VIOLATION

1. The student shall be suspended from further participation in any extra-curricular activity for one calendar year from the date of the second infraction.

C. THIRD VIOLATION

1. The student shall be suspended from further participation in all extra-curricular activities while enrolled at Illini West High School.

**Reporting Violations**

Every Illini West High School District coach, sponsor or teacher has the authority and responsibility to report or charge a violation of the extra-curricular regulations to the activities director. The head coach/sponsor of the activity in which the student is participating or the head coach/sponsor first affected by the student's violation and the activities director shall review the evidence. The activities director shall report the violation to the principal.

**Voluntary Admissions**

It is the objective of Illini West High School District extra-curricular program to make the student aware of the important role good health and fitness habits play in life. Therefore, the Extra-Curricular Code is primarily an instrument to educate and not to punish. It is hoped that each student and his/her family will decide to follow the rules and regulations. If any student or parent voluntarily requests help from either school staff or a board approved assessing agency before being reported in the violation of the Extra-curricular Code, the person will be offered assistance without penalties. THIS PROVISION APPLIES TO A FIRST VIOLATION ONLY.

**Parent Support**

It is of considerable importance for parents to encourage the student in all phases of extra-curricular competition. Parents should help the student set up procedures for following training rules and controlling study habits.

The policies outlined in this booklet are preventive in design. Certainly not punitive. With parent support and cooperation, we believe that penalty assessments will be held to an absolute minimum. On the other hand, without parent support and cooperation, the policies will be difficult to implement.

## *APPENDIX*

### *GUIDELINES FOR EXTRACURRICULAR ACTIVITIES*

1. **Avoiding Schedule Conflicts Between Extracurricular Activities.**  
Every effort should be made to avoid schedule conflicts between the various extracurricular activities during the initial scheduling of the calendar. However, when conflicts do arise, the principal and involved staff (coaches, advisors, etc.) shall meet to determine how the conflicts can best be resolved.

The following basic guidelines shall be used in resolving schedule conflicts:

- A. Generally, events shall take precedence in the following order: state events, conference events, local events, and practices.
  - B. A previously scheduled event on the official school calendar shall generally take precedence over a calendar addition or a rescheduled event.
  - C. In most cases, the above guidelines and/or consultations between staff members should result in a satisfactory solution. Any conflicts that cannot be resolved in this manner should be settled by the principal.
2. **Practice Scheduling**
    - A. Inter sports practices shall be distributed so that boys and girls alternate late practices.
    - B. No practices or games will be held on Sundays, Thanksgiving, Christmas or Easter without the permission of the principal.
    - C. There shall be no penalty for students who miss practices on Wednesday in order to attend confirmation classes or church services.
    - D. There will be no school events, practices, or open gyms on days when school is dismissed early due to severe winter weather.
    - E. On days when school is not held due to severe winter weather, all school events or practices will ordinarily be canceled. However, should the weather later improve such that, in the principal's judgment, no safety hazard exists, the principal may allow some or all of these activities or practices to be held.
  3. **Communications with Student Participants and Their Parents**  
Each coach/advisor who supervises an extracurricular activity will have a general meeting with the student participants and their parents before the student may begin practice or participate in the activity. At this meeting all policies and rules for the team or

activity should be discussed in detail. Copies of these policies and rules shall be given to each participant and his/her parents.

4. Summer Activity Camps

In accordance with IHSA rules, students may have a maximum of 25 days of contact per sport with persons who coach that sport at the school they attend during the same time period. A day of contact is defined as any date on which any coaching or instruction in the skills and techniques of any sport takes place. These limitations apply to all sports except Baseball and Softball.

All summer activity camps using district facilities shall be scheduled at least six weeks in advance. After that time, special approval of the principal will be required.

## Illinois High School Association

(For 2008-09 School Term)  
(Revised 3/15/08)

### Key Provisions Regarding IHSA Rules

#### Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic participation. The IHSA's rules have been adopted by the high schools which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSA eligibility rules, including the Association's due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSA Office.

Information contained here highlights only the most important features of the IHSA by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at [www.ihsa.org](http://www.ihsa.org).

You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules, please contact your principal/official representative.

#### 1. Attendance

- A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
- B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
- C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
- D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is "lapse in school connection" or not.

#### 2. Scholastic Standing

- A. You must pass twenty (20) credit hours of high school work per week. Generally, twenty (20) credit hours is the equivalent of four (4) .5 credit courses (two full credits).
- B. You must have passed and received credit toward graduation for twenty (20) credit hours of high school work for the entire previous semester to be eligible at all during the

ensuing semester.

### 3. Residence

Your eligibility is dependent on the location of the residence where you live full time with your parents, parent who has been assigned custody by the court, or court appointed legal guardian.

You may be eligible if you are entering high school as a freshman and:

- A. You attend the public high school in the district in which you live full time with both of your parents, custodial parent or court appointed guardian, or
- B. You have paid tuition to attend a public school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, custodial parent or court appointed guardian and you continue to pay tuition as a high school student in that same district; or
- C. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents, custodial parent or court appointed guardian; or
- D. You attend a private/parochial high school and have attended a private/parochial school for 7th and 8th grades, or for any four (4) grades from kindergarten through eighth grades; or
- E. You attend the private/parochial high school which one or both of your parents attended; or
- F. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian.

### 4. Transfer

- A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. ***You cannot be eligible when you transfer until this form is fully executed and on file in the school office.***
- B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transfer and transfer after classes have started for the school term, you will be ineligible for cross country that entire school term at the new school.
- C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
  - 1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;
  - 2. Your transfer is between high schools within a public school district and both you and your parents, custodial parent or court appointed guardian change residence to the district attendance area for the school to which you transfer;
  - 3. Your transfer is from a private/parochial school to your home public high school, you are entering a public high school for the first time, and the principals of both your former and the new school concur with your transfer;
  - 4. Your transfer is from one private/parochial school to another private/parochial school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian, you are changing high schools for the first time, and the principals of both your former and the new school concur with your transfer;
  - 5. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;

- D. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
- E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be enforced at the school to which you transfer, even if you are otherwise in compliance with the bylaws.
- F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
- G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.

#### **5. Age**

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

#### **6. Physical Examination**

You must annually have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician's assistant or nurse practitioner in order to practice or participate. Your physical examination each year is good for only one (1) year from the date of the exam. The physician's report must be on file with your high school principal/official representative.

#### **7. Amateur Status**

- A. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost. Your school may provide IHSA state champions with championship rings/mementoes.
- B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check or legal tender) that does not exceed \$75 fair market value. There is no limitation on the value of your school letter.
- C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons or coaching in a little kids league, etc. It only applies to your own competition in an athletic contest.
- D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

#### **8. Recruiting of Athletes**

- A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.
- B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.
- C. You will lose your eligibility if you receive special benefits or privileges as a prospective student-athlete which are not uniformly made available to all students who attend your school.
- D. You may not receive an "athletic scholarship" or any other special benefit from your school because you participate in athletics.
- E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.

- F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school.

Note: If you are interested in finding out more information about a school, contact the principal/official representative or an administrator at the school, not a member of the coaching staff.

#### **9. School Team Sports Seasons**

- A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:
1. During the school year, you may not participate on a non-school team coached by any member of your school's coaching staff unless it meets specific criteria established by the by-laws.
  2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.
- B. Violation of the sport season by-laws will result in penalty to you and/or to your school's coaching personnel.

#### **10. Playing in Non-School Competition**

- A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
- B. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
- C. If you wish to participate in a competition sponsored and conducted by the National Governing Body, or its official Illinois affiliate for the sport, your principal/official representative must request approval in writing from the IHSA Office prior to any such participation.
- D. You may try out for a non-school team while you are on your school's team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school's team. You cease being a member of your school's team when the team(s) of which you are a member terminates for the school term.
- E. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.

#### **11. All-Star Participation**

- A. After you have completed your high school eligibility in the sport of football, basketball, soccer or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams, provided: 1. the high school season in that sport has been completed.  
You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.
- B. You are not restricted from participating in all-star competition in sports other than football, basketball soccer or volleyball, except that you may not do so during the school season for the sport.

#### **12. Coaching Schools**

- A. A coaching school, camp or clinic is defined as any program, sponsored by an organization or

individual, which provides instruction in sports theory and/or skills; which does not culminate in competition, and which is attended by more than two (2) persons from the school which the student attends.

- B. During the school term, you may not attend a coaching school or clinic for any interscholastic sport.
- C. You may attend a coaching school, camp or clinic during the summer (that period between the close of school in the spring and the opening of school in the fall) within the following criteria:
  - 1. You may not attend a coaching school, camp or clinic for any sport after Sunday of Week No. 5 in the IHSA Standardized Calendar (August 3, 2008).
- D. You may take a private lesson at any time provided no more than two students from your school are in the private lesson.

**13. Misbehavior During Contests**

- A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.
- B. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team's next contest. You are also subject to other penalties.
